ELENA ROSTOVA

UI/UX & PRODUCT DESIGNER

Pittsburgh, PA | (412) 555-0563 | elena.rostova@cmu.edu | linkedin.com/in/elenarostova | elenarostova.design

EDUCATION

Carnegie Mellon University — Bachelor of Science in Human-Computer Interaction & Design
GPA: 3.90 / 4.0 | Expected Graduation: May 2026
Relevant Coursework: Interaction Design, User Research Methods, Design Systems, Usability Testing, Cognitive Psychology

TECHNICAL SKILLS

Design & Prototyping: Figma, UI/UX Design, Wireframing, Prototyping, Design Systems, Interaction Design, User Research
UX Research: Usability Testing, User Interviews, Information Architecture, Journey Mapping, Persona Development
Technical Foundations: HTML, CSS, Tailwind CSS, JavaScript, Git, Communication

EXPERIENCE

LearnSphere EdTech — *Product Design Intern* (May 2025 - Aug 2025)

- Spearheaded user research and UX overhaul of student onboarding flow, boosting 7-day completion by 28%.
- Built and documented a scalable design system in Figma comprising 120+ responsive components and token variables.
- Conducted 24 usability testing sessions to identify onboarding bottlenecks and cognitive friction points.
- Collaborated daily with engineering leads to ensure pixel-perfect CSS and accessibility (WCAG AA) conformance.

KEY PROJECTS

Stride: Habit Tracking & Micro-Journaling App [Figma, Design Systems, Prototyping, Mobile UI]

- Designed iOS experience with dynamic dark and light mode themes, micro-interactions, and haptic feedback.
- Awarded 'Best Interaction Design' at CMU HCI Spring Showcase; featured on Figma Community with 2,400+ duplicates.

EcoTransit: Urban Multimodal Mobility Interface [Figma, User Research, Wireframing, Usability Testing]

- Conducted field user interviews across transit riders to prototype accessible consolidated transit ticketing.

AWARDS & CERTIFICATIONS

- 1st Place, Adobe Creative Jam CMU 2025 | CMU School of Design Academic Excellence Award
